

Leslie Jurecko, MD, MBA

SVP, DS Quality, Safety, and Experience

Leslie Jurecko, MD, MBA, is Senior Vice President for Delivery System Quality, Safety, and Experience at Spectrum Health, a nonprofit health system with 12 hospitals, a physician group, and health plan in Michigan. Prior to this current role, Leslie was the Medical Director of Quality and Safety for [Helen DeVos Children's Hospital](#) (HDVCH). Leslie is also a practicing Pediatric Hospitalist. Leslie completed her Pediatrics training at [Northwestern University](#) and her Executive MBA at [Grand Valley State University, Seidman College of Business](#). She also has completed the Patient Safety Executive Development Program at The Institute for Healthcare Improvement (IHI). This fall, Leslie was recognized in Modern Healthcare's Up & Comers list for healthcare leaders.

Spectrum Health recently determined the need to put quality, safety, experience, and provider wellness under one leadership structure and within her purview. Dr. Jurecko also oversees the Pastoral Care services for the hospital, the Aligning Care with Patient Priorities program, patient relations and ethics. Her collective team is highly focused on supporting patients through a reliable health care journey.

Leslie has led projects focused around Hospital Acquired Condition (HAC) reduction, including an innovative approach around process data collection now known as *Kcards*. Leslie serves on the Learning Committee for Solutions for Patient Safety (SPS). Leslie has a passion for process improvement and employee and patient engagement.
